## Discover Washburn

Washburn, known as the "Little Town on the Big Lake," is a hidden gem in Northern WI. Our location on the Bayfield Peninsula makes us the year-round center of adventure on the Chequamegon Bay! In Washburn, you are a short drive away from many sites & attractions. No matter the season, there is always something to see, do or explore.

Tucked between the shore of the Chequamegon Bay of Lake Superior and the Chequamegon-Nicolet National Forest there is no shortage of space for you to spread out and enjoy all the natural beauty of the area. Highway 13, which is part of the Wisconsin Lake Superior National Scenic Byway, runs right through town. Our downtown is home to award winning restaurants & bars, beautiful art galleries, a local brewery, retail shops, and more.

Although summertime is when most people plan their visits, each season has its own unique experiences. Take your pick of motor sports or silent sports. You can explore by land, water or by ice in the winter months too.

We have a variety of local lodging options that would exceed anybody's expectations. No big chains here! Everything from campgrounds and cabins to your standard hotel / motel can be found in Washburn. Feel like you are right at home when you visit, since most of our accommodations are actually homes and cabins that allow you the peace, quiet & privacy you can't get in your typical tourist destination.

While you are in town, be sure to stop into the Washburn Area Chamber of Commerce building located at 100 W. Bayfield Street for maps, brochures and more information about local events, activities and lodging. We have souvenirs too.

We are excited to welcome you to Washburn! We know that once you visit you will want to come back for more.

# The Center of Adventure

Washburn is centrally located on the Chequamegon Bay of Lake Superior. You are no more than a 15- or 20-min. drive from any of the attractions and adventures you wish to see and do. We have a variety of local lodging options that would exceed anybody's expectations. No big chains here!

Everything from campgrounds and cabins to your standard hotel / motel can be found in Washburn. Feel like you are right at home with most of our accommodations actually being homes and cabins that allow you the peace, quiet & privacy you can't get in your typical tourist destination.

There are 2 city owned campgrounds in Washburn, one on each end of town. Washburn's Memorial Park Campground has 51 sites and overlooks Lake Superior among towering pines. Built after WWI, it honors returning veterans and those lost while serving their country. It was here where hometown boy, future acting, swimming, and surfing legend Tom Blake learned how to swim and surf. Thompson's West End Park was named after long time mayor Hans J. Thompson. It has been recognized by Lake Superior Magazine as a "Best of the Lake" award winner several times. There are 50 campsites, a boat launch, fishing pier, sandy beach, pavilion, and playground. People come from all over the Bayfield Peninsula to collect fresh cold water from the two artesian wells located at Thompson's West End Park. Both campgrounds are first come, first served.

There is a beautiful historic lake front walking trail that you can take from one campground to the other. At the head of the trail at Thompson's there is outdoor exercise equipment that is free and open to the public for use. As you walk the trail you can see remnants of Washburn's old sawmill days.

## Chequamegon Bay

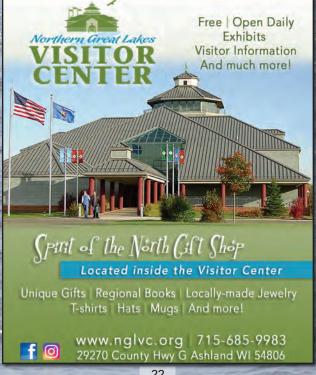

## Explore the Lake

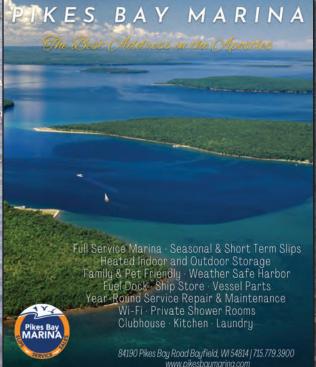

Washburn is located right on the shores of the Chequamegon Bay of Lake Superior. With five local beaches and several hidden ones, there is always a quiet place for you to sit back and enjoy the lake. Friendly Valley Beach, just 5 miles north of town, is one of the most popular and has plenty of room to spread out even on a busy day. If you head out that way, be sure to stop at the Houghton Falls Nature Preserve. The hike to the falls is an easy 1.5-mile round trip adventure, open to foot traffic only, and gives you a spectacular view of the lake from the brownstone cliffs. We also have a full-service marina with a state-of-the-art boat ramp, public restrooms, fish cleaning station and a ship store. Fishing is just one of the big draws for the lake but you can kayak, canoe, paddle board & wind surf too.

The Washburn Area Chamber of Commerce can recommend local rental and guide services for you. Boat tours of the area are also available and we are less than 20 minutes away from the Madeline Island Ferry Terminal in Bayfield. In addition to Lake Superior, we also have many inland lakes and a local trout stream as well, if you prefer. Don't forget to take a stroll or bike ride along the 1.5-mile Lake Front Walking Trail and make a stop at Thompson's West End Park to try out the cold, clean water from our two artesian wells.

## National Treasures

If you are looking to see some of the nation's most beautiful natural resources, you have come to the right place!

The Chequamegon-Nicolet National Forest covers more than 1.5 million acres of Wisconsin's Northwoods. The Chequamegon side of the forest covers about 858,400 acres. Hiking, biking, snowmobile & ATV trails crisscross the area. You could spend days exploring all the possibilities. Mt. Valhalla Recreation Area is just 9-miles west of Washburn on County Hwy C. In the winter it is the hub for tubing and snow shoeing thanks to the warming house on site. In the summer, it is popular with ATV users. There are roughly 9 CAMBA Trails located in the area at Mt. Ashwabay. The bike trails range from Easy to Expert/Advanced with distances that range from 1- to 6-miles.

The Apostle Islands National Lakeshore is one of only a few National Park sites in Wisconsin and includes 12 miles of mainland, along with 21 islands. You can paddle, sail or boat to these beautiful islands or enjoy the beaches and hiking trails at the mainland locations. The 22nd island is Madeline Island; which is not part of the Park and is the only island that has a year-round population, town, and a ferry to transport you back and forth from Bayfield. Madeline Island is a popular day trip from Washburn.

The Wisconsin Lake Superior National Scenic Byway is celebrated for the high quality natural, cultural, historical and recreational features along the route. The Byway begins at the junction of US Hwy 2 & WI Hwy 13. It follows WI Hwy 13 for 70 miles around the Bayfield Peninsula and ends at County H in Douglas County. The Byway runs right through the heart of Washburn. This is the perfect drive to take any time of year by car or motorcycle, but it is very popular in the fall for those who want to see the beautiful fall colors.
